

Union Busting is Disgusting

Rally for Our Rights!

Join NYSNA Nurses at NYC Health+Hospitals/ Kings County Hospital Center as we rally for our rights!

NP Dowd, our local bargaining unit vice president, was suspended without pay on Oct. 9. She is being targeted for her advocacy around long-standing staffing concerns, which affect patient safety.

We demand that management:

- Reinstate NP Dowd immediately!
- Stop retaliating against nurses for protected union activity!
- Respect our safe staffing ratios!
- Expand and staff float pools now!
