

Nursing Documentation Essentials Part 2

LEARNING OUTCOME:

Participants of this program will analyze case scenarios and demonstrate proper documentation in accordance with current law, rules, standards, and guidelines in nursing medical record documentation.

OBJECTIVES:

Upon completion of this workshop, participants will be able to:

- Recognize that the filing of a Protest of Assignment is an essential component to proper documentation in accordance with ethics and law.
- Discuss evidence-based practices that illustrate provision of nursing care in accordance with scope and standards of practice.
- Distinguish between appropriate standards of ethical and legal practice interventions.
- Examine a wide variety of clinical situations, variables related to patient diversity, patient prioritization issues, legal and ethical considerations.
- Develop a patient specific care plan that illustrates the provision of nursing care in accordance with best practices and standards of practice.

FACULTY:

Civita Allard, MSN, RN, BC, CNE is the President and CEO of Quality Training Solution Corp and a Professor of Nursing at Utica University. With an extensive career in nursing education, she has held leadership roles focused on Medical-Surgical Nursing, Leadership and Management, and the design of innovative, outcomes-based educational programs. Professor Allard is a recognized expert in nursing documentation and consistently integrates the legal and professional standards governing medical records into her instruction.

Jillian Smith, MSN, RN, BC, NEP is a highly experienced registered nurse with over sixteen years of clinical expertise. Jillian serves as a collegiate-level nursing educator, where

she teaches both didactic and clinical courses in Inpatient Obstetrics, Pharmacology, and Critical Care. Jillian excels in preparing students for real-world practice, with particular emphasis on the critical skill of clinical documentation. Jillian consistently integrates the legal, ethical, and regulatory dimensions of documentation into teaching, ensuring students understand not only how to document effectively, but why it is essential for patient safety, care continuity, and legal accountability.

Note: The instructor for this program is contracted through Quality Training Solution Corporation (QTSC).
