

Stroke Nursing Standards of Practice and Certification Review

LEARNING OUTCOME:

The participant will be able to identify various classifications of stroke and the application of selected nursing management interventions.

OBJECTIVES:

Upon completion of this workshop, participants will be able to:

- Identify the vascular and structural anatomy of the human brain.
- Discuss teaching methods for patients and their families regarding the risk factors and lifestyle modifications necessary to prevent initial or secondary stroke.
- Describe the emergency management of the stroke patient from the field to initial triage in ED.
- Identify the appropriate diagnostic tests for the stroke patient and the care prior and post-care.
- Identify the various kinds of strokes and apply the current stroke guidelines for acute care management.
- Discuss medications currently available and used in the medical management of stroke patients.
- Identify the indications to be used with stroke patients and side effects of selected medications.

Direct Workshop Registration: Once you have created your E-LeaRN user account, register for this program by using your smart phone camera to scan the QR code, login, then search the catalog for this course and register.

If you have already created your E-LeaRN user account, you can also register for this program by clicking on <https://elearnonline.net>, login, find and register for this course.

- Discuss the different methods used or discouraged when rehabilitating the stroke patient.
- Differentiate between types of strokes centers and certifications and use of Core Measures to improve the quality and outcomes in patient care.

FACULTY:

Joshua L. Onyan, MSN, RN, SCRNP

Josh Onyan is the Stroke Program Manager at an academic medical center. He has 18 years of nursing experience, with the past nine years focused on stroke care, education and quality improvement. With a strong foundation in neurocritical care, he combines clinical expertise with a systems-based approach to optimizing stroke care delivery. Josh holds a Master of Science in Nursing Administration and is certified as a Stroke Certified Registered Nurse (SCRNP) as well as a Lean Six Sigma Green Belt in healthcare operations.

Note: The instructor for this program is contracted through Quality Training Solution Corporation (QTSC).

The New York State Nurses Association is accredited as a provider of nursing continuing professional development by the American Nurses Credentialing Center's Commission on Accreditation.

This program has been awarded **12.0 CHs** through the New York State Nurses Association Accredited Provider Unit.

NYSNA is accredited by the International Accreditors for Continuing Education and Training (IACET) and offers IACET CEUs for its learning events that comply with the ANSI/IACET Continuing Education and Training Standard. IACET is recognized internationally as a standard development organization and accrediting body that promotes quality of continuing education and training.

The New York State Nurses Association is authorized by IACET to offer **1.2 CEUs** for this program.

IMPORTANT:

In order to receive Contact Hours and CEUs:

- **Cameras must be turned on, and you must be present and visible at all times throughout Zoom workshops.**
- All participants are required to attend the entire workshop, complete all in-session program assignments, complete an evaluation form, complete and return a post-program SurveyMonkey® questionnaire and/or complete and return a post-program checklist, where applicable.
- You will need a personal computer and internet access to attend.

Declaration of Vested Interest: None
