

Correctional Health Nursing Standards of Practice and Certification Review

LEARNING OUTCOME:

The participant will be able to successfully identify the current standards of practice for correction registered nurses and apply them to selected situations.

OBJECTIVES:

Upon completion of this workshop, participants will be able to:

- Develop skills to improve test taking strategies for the CCHP Exam.
- Identify the overall key concepts of correctional nursing.
- Identify the nursing considerations related to ethics in correctional nursing.
- Discuss the nursing role in the promotion of a safe and secure environment in the correctional health setting.
- Discuss the common inmate-patient health care concerns and diseases.
- Identify the key concepts in Clinical management of inmate-patients.
- Discuss the nurses' role in health promotion and maintenance of inmate patients.
- Discuss the Professional Role and Responsibilities of the nurse in corrections.

FACULTY:

Latasha A. McMillan, MSN, MSHCA, RN, CLNC, NEA-BC, CCHP is a service-oriented healthcare professional with almost twenty years of nursing and administrative operations experience, most recently in correctional healthcare, forensics nursing, and emergency (ER) nursing.

Note: The instructor for this program is contracted through Quality Training Solution Corporation (QTSC).
