New York State NURSES ASSOCIATION | E-LeaRN
Accredited Continuing Education

ONLINE PROGRAM

Community and Public Health Nursing Standards of Practice

LEARNING OUTCOME:

The participant will be able to discuss current practice and the role of the nurse in community and public health.

OBJECTIVES:

Participants will be able to:

- Discuss the historical perspective and principles of community health nursing in current practice.
- Demonstrate an understanding of epidemiological concepts and their application in public health.
- Identify the components of community health assessments, needs, and comprehensive community health plans.
- Discuss various nursing organizations that support community/public health.
- Discuss cultural competence, ethical principles, and health disparities in community health nursing practice.
- Discuss planning and response, recovery for disaster situations.
- Identify community health education methods and barriers to implementation.
- Discuss professional development and leadership opportunities in the field of community health nursing.
- Identify policies and initiatives that advance the practice of community health nursing and improve community health outcomes.

FACULTY:

Annmarie D. Samar, RN, PhD, PHCNS-BC, NEA-BC is a skilled clinician with more than 18 years' experience as a certified Clinical Nurse Specialist in Community and Public Health with experience in home health nursing. Dr. Samar teaches both didactic and in-home health, community and public healthcare, and has served as both Chair and faculty for advanced level nursing students.

Note: The instructor for this program is contracted through Quality Training Solution Corporation (QTSC).
