

CALL BECAUSE YOU CARE

Tell Magnet Leadership: No Pathway to Excellence Without Nurses!

While our bosses at NYC Health+Hospitals are putting on a show to earn the Pathway to Excellence designation from magnet credentialing officials, nurses have been pressured to work sick.

Pathway to Excellence means a healthy work environment where nurses feel empowered and valued!

How can nurses feel empowered and valued when we're forced to work while sick?

Call to send a message to the American Nurses Credentialing Center today and remind them: *There's no "Pathway to Excellence" without nurses!*
